Category 3

If your marital status and tax filing status **are** in conflict, please update your FAFSA with your correct marital status, and/or status date, and/or tax filing status. Please note that any change to your marital status or marital status date will require proof of your status (e.g. marriage certificate or divorce paperwork). If you filed your income taxes with the incorrect status (see chart above), you may need to amend your 2016 taxes. Please contact a Financial Aid Counselor at 866-774-0004 or tax professional for more information.

* Head of Household is appropriate only for unmarried people or people who are married but were separated the last 6 months of the tax filing year.

** To file as a qualifying widow(er), you must not have remarried before the end of 2016. In the year of the death you had to have been entitled to file a joint return with your spouse, you had to have paid more than half the cost of keeping up your home for the year, and your dependent child or stepchild must have lived in your home all year (foster child or grandchild does not meet this test).
