

BIOL120 - Essentials of Anatomy and Physiology

This exam consists of 75 multiple choice questions and 25 identification problems of major body structures. Students should be familiar with basic principles of chemistry, cells, tissues, and the structure and function of the following organ systems: integumentary, musculoskeletal, nervous, sensory, endocrine, respiratory, digestive, cardiovascular, lymphatic, immune, urinary, and reproductive systems.

Minimum Passing Score: 80%

DU competency exams satisfy requirements at DU but are not transferable to other educational institutions. Students may not take this test if they have previously taken this course or received a failing grade in the course. The test may only be taken one time.
