

# Accounting Fraud Investigation

Bachelor of Business Administration

The Bachelor of Business Administration in Accounting Fraud Investigation combines the development of technical skills in accounting, computer security and legal investigation that are needed in fraud examination. Interlacing coursework in auditing practices and security equips graduates with the principles, methods and techniques to conduct criminal investigations of fraud. In addition, this learning is coupled with knowledge of network security that develops your technological abilities in fraud detection. Only a few other colleges nationwide offer this program.

The BBA in Accounting Fraud Investigation can be completed in-seat or online.

## Why DU?

Our program offers more than just introductory courses in the area of fraud investigation. Davenport University's accounting fraud investigation program prepares students for full-time careers in a dynamic field. We are so confident in our accounting programs that we offer an Employment Guarantee. See our website for details on the ability for additional, free courses if you are not employed within six months of graduation.

- Unlike other accounting programs, this program integrates the knowledge of investigation, law, and computer security.
- The program prepares student with the soft skills of communication, teamwork and leadership needed by employers.
- Interlacing the coursework in auditing and security teaches the principles, methods and techniques used in conducting criminal investigations.
- Graduates of this program who meet the accounting experience requirement are eligible to sit for the Certified Fraud Examiners' (CFE) exam.

## Davenport University
