

# Social Work – BSW

Partnership Program with  
Kuyper College, Grand Rapids

Double your impact with two degrees — a Bachelor of Applied Science from Davenport University and a Bachelor of Social Work (BSW) from Kuyper College. This collaborative social work program educates, equips and prepares you to serve others — particularly those who are vulnerable, oppressed or living in poverty — working to meet their basic needs.

## Why DU and Kuyper?

- Kuyper’s Social Work program is accredited by the Council on Social Work Education (CSWE).
- Graduates are qualified to work in various fields in both public and private human service agencies.
- You are enrolled as a student and taking coursework on both campuses — earning two bachelor degrees in a four-year program.
- Your 400 hour field practicum provides internship experiences in a social service agency that will give you excellent opportunities to put into practice what you learn.
- International field work placement is possible in Romania, Uganda, Ecuador and the Dominican Republic.
- DU and Kuyper offer low student-to-faculty ratios (16:1 and 14:1).
- Many graduates of Kuyper’s BSW program receive advanced standing in master of social work (MSW) programs. This can save you up to a year of graduate level course work and considerable tuition costs.
- Kuyper’s social work program provides valuable opportunities for you to engage with the West Michigan community.

### Davenport University

- We are a private, non-profit university preparing students for a career.
- We award \$15 million in scholarships each year.
- We keep a low student-to-faculty ratio. Average class size is 15.
- We offer classes online and at campuses across Michigan.
- We are nationally respected for our curriculum and faculty.

### Davenport University College of Arts and Sciences

Our Excellence System builds a strong foundation for your future. Our focus is on nine critical-thinking skills that prepare you to succeed in any field. No matter what degree you choose, it all starts here and grows.
