

Master of Business Administration

With Managerial Accounting Concentration

Select the Managerial Accounting Concentration as part of your Master of Business Administration (MBA) program at Davenport University. The MBA Managerial Accounting degree provides you with the knowledge necessary to engage and oversee the managerial and cost functions within an accounting department. Emphasis is placed on developing skills in five key competency areas: 1) financial reporting, 2) planning, budgeting and forecasting, 3) performance management, 4) cost management and, 5) internal controls. And this Managerial Accounting concentration taken as part of your MBA degree provides you with the leverage to move up in your organization or to open a range of career opportunities in fields such as budget analyst, accounting manager or as a Chief Financial Officer.

Why DU?

- **Preparation for Certification:** Completion of this concentration also prepare you for Part One of the Certified Management Accounting (CMA) exam. A CMA is a professional accountant who primarily works for a company, and records and reports transactions for internal review by business owners and managers.
- **Highly Flexible:** Complete your MBA online or in-seat with seven week classes beginning six times a year, giving you the flexibility you need.
- **Professional Experience Credits:** Your existing professional knowledge and certifications may be leveraged to shorten the time to degree completion.
- **Widely Accepted:** Relevance to business practices in private, public and non-profit sectors.
- **Expert Faculty:** Dedicated faculty with both teaching and work experience in the field.
