

BS in Nursing: Completion and Concurrent Programs

COLLEGE OF HEALTH PROFESSIONS

122 credits

Fast-track your BSN.

In today's health care environment, 82% of nursing employers strongly prefer graduates with BSN degrees. The pathway to your Bachelor of Science in nursing may be quicker than you imagine with one of the region's best RN-to-BSN programs. Davenport will help set you apart with highly marketable critical thinking, patient assessment and leadership skills.

Your BSN will open doors to leadership roles, careers at desirable hospitals and higher salaries. Davenport graduates are recognized for well-rounded skills, and they enjoy high rates of employment.

If you're an RN, our completion program enables you to start your BSN with transfer credits. You'll receive 90 credits for your associates in nursing and RN licensure and have just 31 credits to complete at Davenport.

If you're a nursing student, our concurrent program lets you fast-track your BSN. You can take Davenport bachelor's classes while working on an associates in nursing at one of our partnering community colleges.

No matter which path you choose, you'll gain evidence-based knowledge in community nursing from highly credentialed nursing faculty and staff. With the optional medical case management specialty, you will receive training in health and human services case management.

Experience the Davenport difference:

- Choose from campuses across Michigan for the concurrent program; completion program coursework can be taken online.
- Learn from highly credentialed faculty with real-world experience.
- Benefit from one-on-one mentoring through a nursing preceptorship in community and nursing leadership settings.
- Enjoy an employment edge as a highly sought-after Davenport nursing graduate.

Bachelor's in Nursing — Completion, BSN (120-122 credits)

davenport.edu/bsn-completion

Turn your credentials into course credit with our Bachelor of Science in nursing completion pathway. As an RN, you'll receive 90 transfer credits for your completed ADN and RN licensure. You can complete your Davenport coursework online and enjoy the flexibility to continue working at the same time. With hands-on clinicals, this program prepares you to provide exceptional patient care, advance in your nursing career and increase your earning potential.

Bachelor's in Nursing — Concurrent, BSN (120-122 credits)

davenport.edu/bsn-concurrent

If you're working on your Associate Degree in Nursing (ADN) at one of our 10 partnering community colleges, you can take the BSN concurrent program classes at the same time or on your summer break, right at your community college. That means you'll earn your bachelor's in as little as two semesters after completing your ADN. Hands-on clinicals prepare you to provide exceptional patient care, advance in your nursing career and increase your earning potential.
