

Health Services Administration Bachelor of Science

COLLEGE OF HEALTH PROFESSIONS

120 CREDITS

A degree in Health Services Administration qualifies you for entry-level management positions in various healthcare organizations. We prepare you to be an integral part of the healthcare team, administering and guiding healthcare organizations. Your degree opens doors to increased earning potential and rewarding leadership. You'll be well-prepared for many healthcare work settings, with specialty focus options in key areas of interest such as human resources, information technology, long-term care and project management.

Why Davenport?

- 94% of Davenport grads are employed within six months of graduating.*
- Faculty members are highly credentialed, real-world field experts.
- The program holds full undergraduate certification status by the Association of University Programs in Health Administration (AUPHA).
- Online and on-campus class options are designed with flexibility to meet the schedules of both new and returning students.
- There are several experiential learning opportunities to work in the field and demonstrate effective skills in a real-world setting.
- Students who transfer in to the completion program with an earned associate degree can complete the program in one-and-a-half to two years.
- Active members of the military and veterans can further their career goals by completing the Health Services Administration degree.
