

# Your path to success:

# Early middle college

## Accelerate your future

**What is Early Middle College?** Early Middle College is a unique program that allows high school students to earn college credits while still in high school. This unique partnership between Davenport University and your high school offers a variety of benefits:

- **Save time and money:** Complete your high school diploma while earning tuition-free college credits, with the opportunity to graduate in five years with both your diploma and an associates degree.
- **Earn transferable credits:** Classes are transferable and can seamlessly ladder into a bachelor's degree.
- **Gain a competitive edge:** Prepare for college and career success with advanced coursework.
- **Experience college life:** Immerse yourself in a college environment, and connect with professors and other students like you.
- **Explore diverse academic paths:** Choose from a range of programs, including business, health care and technology.
